Homemade Pizza & Pizza Dough

Making the Pizza Dough

- 1. Proof the yeast:
- 2. Place the warm water in the large bowl of a heavy duty stand mixer. Sprinkle the yeast over the warm water and let it sit for 5 minutes until the yeast is dissolved.
- 3. After 5 minutes stir if the yeast hasn't dissolved completely. The yeast should begin to foam or bloom, indicating that the yeast is still active and alive.
- 4. (Note that if you are using "instant yeast" instead of "active yeast", no proofing is required. Just add to the flour in the next step.)

Состојки

- 1 1/2 cups (355 ml) warm water (105°F-115°F)
- 1 package (2 1/4 teaspoons) active dry
- 3 3/4 cups (490 g) bread flour
- 2 tablespoons extra virgin olive oil (omit if cooking pizza in a wood-fired pizza oven)

Избриши

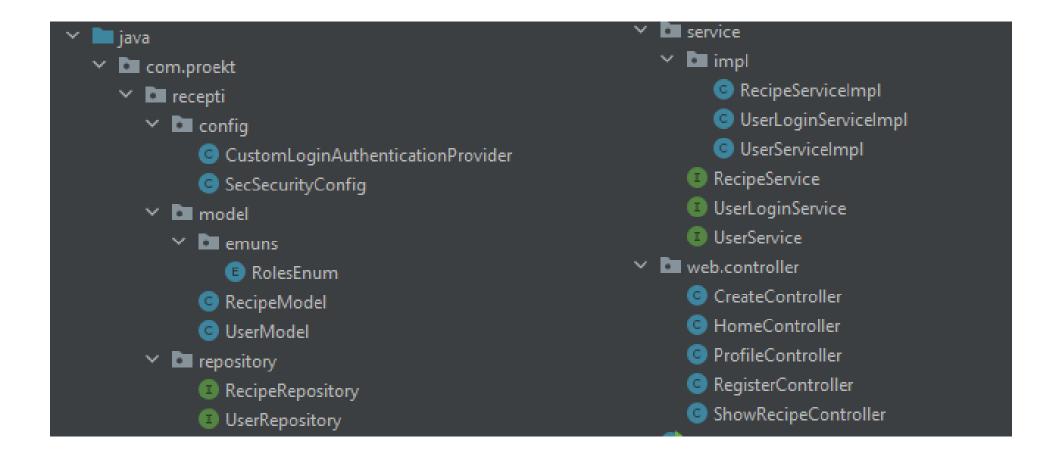

- 2 teaspoons salt
- 1 teaspoon sugar
